Chris,

I have uploaded all of the information for Gordon Creek 2, 7, & 8 from the pipeline into the permanent database. A report is attached.

It looks like you have included all required samples and parameters for the fourth quarter of 2005.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing third quarter samples for 2-2-W through 2-11-W.

Please let me know if you have any questions.

Thank you,
